## Gospel Reflection for 14th October

1. We often get satisfaction from the things we own, clothes, cars, homes, gadgets, or money. There would be something unnatural if we did not. But what happens to us when our possessions begin to 'own' us, when they take a hold of us, when we become obsessed with them? Jesus seeks followers who have the freedom to let go of possessions in order to be a servant of others. In whom have you seen this freedom? When have you experienced it yourself?

2. Growth implies change. That change sometimes means letting go of something we have at this moment: job, status, home, security, or something else we value. There can be an apparent loss in letting go. Yet have you ever found that you actually gained by having the freedom to let go of something to which you had previously clung?

3. The disciples thought that Jesus was making impossible demands of people following him. He acknowledged that discipleship was impossible to us on our own efforts alone. How have you experienced the benefits of the help of others and of God when you were faced with difficulties in life?

**World Mission**

World Mission Day is celebrated every year in every country wherever there are Catholics committed to building a better world for all of God's people, a world where everyone has all they need to live a dignified and fulfilling life. It is the day on which we reflect on the urgency to proclaim the Gospel in our times. Missionary activity is a response to the love with which God loves us. God's love is the spiritual energy that can make harmony; justice and communion grow among persons, races and peoples for which everyone is searching. It is God, who is Love, who leads the Church towards those, farthest away and calls us to be renewed from the original source, Jesus Christ, from whose pierced heart flows the love of God. The God of love is the source of care, tenderness, compassion, hospitality and interest in other people's problems, for spreading Christ's charity around the world.

**A SECOND COLLECTION WILL BE TAKEN UP AT ALL MASSES OVER NEXT WEEKEND FOR THE SUPPORT OF THE MISSIONS.**
