Father Chris Hayden

Speaker

This is a great opportunity to learn about better catholic vision for human sexuality that Father Chris Hayden promotes in his newest book. Given that sexuality is an important aspect of human life, it's valuable to have discussions and resources that help us understand and navigate this aspect of our lives in accordance with our faith.

Father Chris Hayden is a parish priest in the diocese of Ferns in Ireland and a published author of several books. He holds a PhD in New Testament studies and is particularly interested in biblical spirituality, theology, and the relationship between faith and culture. He currently serves as Spiritual Director at St Patrick's College Seminary in Maynooth.
